This FREE online Professional Development module, coordinated by FDLRS/East, is now available:

**PDA: Technology for Student Success: Assistive Technology** (20 inservice credits) – Participants will identify and explore assistive technology devices and services, and examine the process of helping students with disabilities select, obtain, and use assistive technology. Participants will explore basic information about the impact of six identified areas of disability including: vision, auditory, physical, communication, intellectual, and cognitive processing and how assistive technology devices and services provide support in dealing with the impact of those disabilities.

Facilitator: Michelle Patterson

Course runs **September 7, 2017 – December 3, 2017**

**NOTE:** There is one required face-to-face meeting with the facilitator.
Participants must attend a D2L orientation on September 7, 2017 from 5:00-7:00 p.m. at ESF, Pod 4, room 404 Computer Lab.

Please note: You MUST complete the entire module to receive 20 inservice credits. No partial credit will be given.

This online course will be limited to 20 registered participants. If interested, please complete and return the registration form to Heather Theobald, FDLRS, ESF.
